

### iPad Apps

Leila Viss – 88Keys – App Directory - good for reference

Joy Morin - Color My Piano – great list of apps with descriptions and prices

My list of apps I have and use in the studio:

Flashnote Derby – fun horserace note identification –  
reindeer for Christmas

Notesquish            flashcards – kids like it, I am not crazy about it

Noteworks            individual for each student – very good  
Note identification with piano keyboard

Rhythm Swing        good drill for keeping steady beat

Music Cubes           ear training – keeping track of many tones in order

Tenuto and Theory – 2 apps that go together  
good for older students  
Theory explains concepts to learn  
Tenuto is ear training

Sproutbeat            library of work papers to print out

Music Rooms           general music – each room is a different  
section of the orchestra

Metronome           Steinway

Blob Chorus           matching tones
